The PMO Value Ring Methodology Workshop

Sabato 27 gennaio 2018 – Centro Copernico
Via Copernico, 38 – Milano

Abstract

PMO Value Ring is a step-by-step methodology for creating, restructuring and managing your PMO, focusing on giving value and results. PMO Value Ring is the result of a research project involving hundreds of PMO leaders with extensive experience worldwide and used by more than 4,000 professionals in 65 countries around the world. This research has created a database of benchmarking, which has been automated to present scenarios and provide specific recommendations for PMOs.

The PMO-Certified Practitioner certification, created and maintained by the PMO Global Alliance, has the objective of guaranteeing that the certified professional has a full understanding of the essential concepts of the methodology, the techniques for the definition, application, use of the method, analysis of results and decision making applicable to any industry.

At the end of this workshop you can apply for PMO Value Ring Certification without an extra fee: see the "about the exam section".

Ricardo

Ricardo Triana is a seasoned professional with more than 20 years of experience and is well known international speaker and consultant. Currently he is the managing director of Practical Thinking Group and acts as Project Management Advisor with the United Nations Office of Project Services.

Agnieszka

Agnieszka Gasperini is a certified project manager (PMP) with more than 16 years of experience in international projects and speaks fluently five languages. Since 2014, Agnieszka works as a managing Director EMEA Region for Practical Thinking Group.

ENGINEERING

Il **PMI Northern Italy Chapter** (PMI-NIC) è il punto di riferimento per tutti gli interessati alle tematiche del project management dell'Italia settentrionale. Conta più di 2.200 soci provenienti da tutte le aree applicative, dei quali oltre la metà certificati PMP (Project Management Professional). Il Chapter fa parte del Project Management Institute (**PMI**), la più importante associazione professionale per il project management, fondata nel 1969 negli Stati Uniti e che conta oggi più di 492.000 associati in 207 Paesi e territori, e oltre 856.000 credenziali attive.

A supporto della globalizzazione, il NIC ha creato sette Branch sul territorio: Branch Lombardia, Branch Piemonte e Valle d'Aosta, Branch Veneto, Branch Trentino Alto Adige-Südtirol, Branch Friuli Venezia Giulia, Branch Liguria e Branch Emilia Romagna, capaci di raccogliere le peculiarità del territorio e tradurle in momenti di approfondimento professionali e di networking.

Il NIC, attraverso il supporto di numerosi volontari, è impegnato in diversi filoni di ricerca: Riscoss, EuroPM, Benessere nei progetti, Osservatorio tool progetti emergenti, Leadership collettiva, Etica&legalità e Osservatorio sul PMO: scopri sul sito www.pmi-nic.org alla sezione Iniziative come diventare volontario.

Ricardo Triana (Practical Thinking Group)	14:00
Agnieszka Gasperini (Practical Thinking Group)	
<i>PMO-CP Certification Session</i>	16.30
<i>Conclusioni</i>	17:30

About the Exam:

The PMO-CP Certification is offered in several countries by PMO Global Alliance and its global partner Practical Thinking Group. The exam covers technical aspects related to the PMO VALUE RING methodology and the implementation process. To obtain the certification, the candidate must take an online exam of 40 multiple choice questions, obtaining a minimum score of 75% of correct answers. The candidate has up to 60 minutes to complete the exam. PMO Global Alliance (www.pmoglobal.com) is an organization that carried out the research and organized the professionals in the world to create the PMO Value Ring methodology. It is based in Brazil and USA and it's not a company but a community of professionals around the PMO issue (education, research, social network). The certification has no expiration and no periodic renewal is required. If there is a significant renewal in the methodology, certified professionals will be notified so that they can be updated at no cost through online material. The cost of the first exam (USD 150) is included in the value of the workshop. If you lose the exam, you have an additional opportunity, it's a ProctorU supervised exam, the exam retake has an additional cost of USD 50, has to be paid to PMOGA and presented after 20 days of the first exam.

Info aggiuntive

Le iscrizioni chiuderanno il giorno 25/01/2018. Il workshop si terrà in **lingua inglese**, ogni partecipante dovrà essere dotato di un proprio notebook che verrà connesso a internet per sostenere l'esame di certificazione.

Technical: contenuti tecnici utili per chi vuole approfondire la metodologia o vuole capire come altri le hanno applicate
